**Artique Gallery To Present *The Enchanted Garden*,
A Celebration Of Nature And Art, Featuring Photographer
And Digital Artist Elizabeth Shatner, Wife Of William
Shatner, At Lexington Green, May 7th Through May 31st**

They say “April Showers Bring May Flowers.” But the April showers we’re experiencing in Lexington this month will also bring May flowers on canvas, tile and paper; flowers made of blown glass, ceramic, copper and clay; flowers transformed into jewelry. All will be showcased May 7th through May 31st at Artique in Lexington Mall, with a Public Reception on Friday, May 7th from 5:30 - 9 PM and again on Saturday, May 8th from 11 AM to 9 PM.

Headlining *The Enchanted Garden* will be Elizabeth Shatner, artist wife of Emmy and Golden Globe Award-winning actor William Shatner, probably best known for his work on *Star Trek* and *Boston Legal*. Elizabeth, accomplished in her own right, is a former professional horsewoman, and still serves as an equine judge, in addition to her artistic pursuits.

Elizabeth Shatner’s work, which she refers to as “Art by Nature” is a fusion of photography and digital technology that creates images of flowers which have been compared to the sensuous flower paintings by renowned artist Georgia O’Keefe. Her inspiration to take this direction was a photographic safari with her husband and two nationally-known photographers.

The *Enchanted Garden* will also feature Blown Glass Flowers by Loy Allen, Tea Cup Fairies by Susan Snodgrass, Ceramic Sculptures by Bonnie Day, Copper Flower Bouquets by Bovano, Jewelry by Urban Links and Silver Seasons, Pottery by Louisville Stoneware, Water Fountains by Charles White and Water Showers by Joe and Karen Hart, plus much more, such as exotic live landscape and floral designs.
